3	1/4"-20 x 1-1/4" Metal/Machine Screw - Phillips head			4	01-3454
4	Cup Washer			4	01-0225

For proper trim installation, prep door with instructions and templates supplied with mortise lock or template A7050 (included with AV trim).

1. Install lock per instructions supplied **substituting AV Pull Trim for outside trim or escutcheon.** Outside spindle is not used with AV Pull Trim.

2. Insert mounting posts through door and attach trim with four 1/4-20 machine screws and cup washers. Tighten securely.

3. Complete assembly of inside rose/trim, cylinder and lock front.

4. Check lock for correct operation before closing door.
