# INSTALLATION INSTRUCTIONS

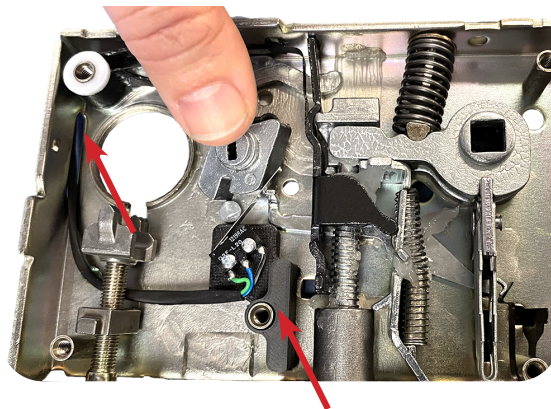

- 1.** Remove all 5 screws to remove cover.

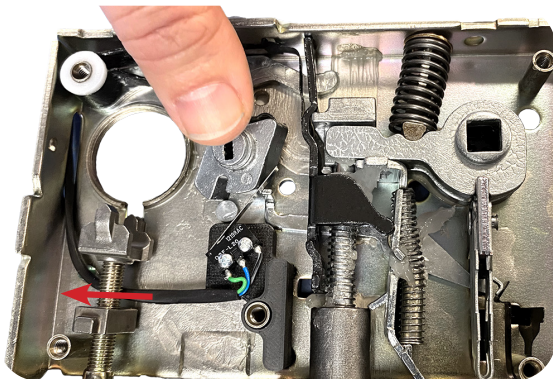

- 2.** Remove cover & cylinder locking hub and set aside. Grab LCM switch.

- 3.** Feed LCM wires through the existing hole at the top of the lock. Drop LCM Bracket over (2) existing posts, and align switch with T-Turn Hub.

- 4.** Re-install cylinder locking hub, making sure wires are run underneath screw.

- 5.** Replace cover & re-install (5) screws. Add LCM color code sticker to lock cover.
