QUICK START
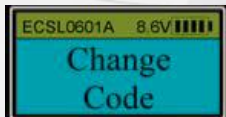

Congratulations on the purchase of your new SecuRam ProLogic L02 Safe Lock! This Quick Start guide will help you set up your ProLogic L02 for use.

The ProLogic L02 comes with (2) default codes:
ID00 or the Super Code is set to 111111
ID01 or the Manager Code is set to 123456
It is recommended to change both codes to unique codes immediately.
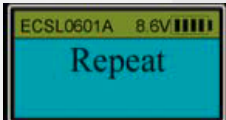

Step1: Change the Default Codes
Enter the default Super Code: 111111
When the LCD screen shows "Select Menu", press the ▲ or ▼ buttons, until you see the menu selection "Change Code":
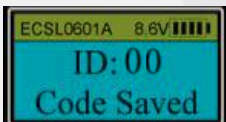

| Screen	Action
ECSL0601A 8.6V — Change Code	Press Menu/OK
ECSL0601A 8.6V — New Code	Enter a 6 digit code
ECSL0601A 8.6V — Repeat	Repeat 6 digit code
ECSL0601A 8.6V — ID: 00 Code Saved	ID00 Code is now saved

Follow the same procedure to change the Manager Code. Enter 123456 and complete steps above.

Step 2: To Open Lock
Just enter a valid code:

| Screen	Action
12/11:34 8.6V — Enter Code	Enter 6 digit code
12/11:34 8.6V — ID: 01 Verified	Valid code will be verified and the lock will open

Step 3: Enroll a User Code
With the ProLogic L02 you can add up to 28 User Codes. Follow these steps:

Enter the Manager Code. When the LCD screen shows "Select Menu", press the ▲ or ▼ buttons, until you see the menu selection "Enroll New User"
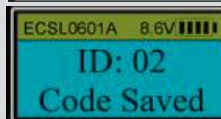

Screen	Action
ECSL0601A 8.6V — Enroll New User	Press Menu/OK
ECSL0601A 8.6V — New Code	Enter a unique 6 digit code
ECSL0601A 8.6V — Repeat	Repeat 6 digit code
ECSL0601A 8.6V — ID: 02 Code Saved	The User code is saved

Repeat to add other User Codes

Note: To Change Any Code
- Enter the code you want to change
- When the LCD screen shows "Select menu", scroll to "Change Code" and follow the prompts.

To Change Batteries
Your ProLogic L02 is designed to provide long life up to 4000 operations with a single 9 volt battery. When it is time to change the battery the LCD will indicate "Low Battery".

- Push up on the EntryPad until it releases from the SnapFit mounting holes
- Carefully remove the battery and replace
- When re-mounting the entrypad be careful not to damage the lock cable.
